

**Item 1 - Introduction: Is an investment advisory account right for you?**

Titan Investment Management LLC is registered with the Securities and Exchange Commission as an investment adviser. Please be aware that brokerage and investment advisory services and fees differ, and it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

**Item 2 - What investment services and advice can you provide me?**

We offer investment advisory services to retail investors. Our principal service is portfolio management. As part of our standard portfolio management service, we provide continuous and regular supervisory and/or management services with respect to your account(s). Our portfolio management services are offered on a *discretionary* or a *non-discretionary* basis. *Discretionary* authorization allows us to determine the specific securities and the amounts to be bought or sold for your account without your approval prior to each transaction. If we agree to provide *non-discretionary* portfolio management services, we will obtain Client approval before executing any transactions in the Client's account(s). We do not limit our advice to proprietary products, but we do limit our advice to mutual funds, fixed income securities, real estate funds (including REITs), insurance products, including annuities, equities, ETFs (including ETFs in the gold and precious metal sectors), treasury inflation-protected/inflation-linked bonds, commodities, non-U.S. securities, venture capital funds, and private placements, although TIML primarily recommends equities. TIML may use other securities as well to help diversify a portfolio when applicable. Currently, there is no account minimum for our services.

*Conversation Starters. Ask your financial professional –*

- ❖ *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- ❖ *How will you choose investments to recommend to me?*
- ❖ *What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?*

**Item 3 - What fees will I pay?**

For portfolio management services, we charge a negotiable annual fee based on a percentage of assets under our management that is typically payable quarterly in arrears. The more assets there are in your advisory account, the more you will pay in fees. Therefore, we have an incentive to encourage you to increase the assets in your account.

**For additional information regarding our fees, please see Item 5 of our Form ADV Part 2A at the following link: <https://adviserinfo.sec.gov/firm/brochure/291148>.**

**Other Fees and Costs:** The fees that you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by investment companies (e.g., mutual funds, exchange traded funds, unit investment trusts, and variable annuities). These fees are described in each fund's prospectus. These fees will generally include a management fee and other fund expenses. You will also incur transaction charges and/or brokerage fees when buying or selling securities. These fees are typically imposed by the broker-dealer or custodian that executes the trade. The broker-dealer or custodian may also charge your account for custodial fees, retirement account fees, trust fees, exchange fees, and/or redemption fees that may be assessed on investment company shares, transfer fees, account termination fees, or other special service fees. We do not share in any portion of these fees imposed by the broker-dealer or custodian. To fully

understand the total cost you will incur, you should review all the fees charged by investment companies, broker-dealers, our firm, and others.

**You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.**

**For additional information about fees charged by third parties, please refer to Item 5 of Form ADV Part 2A at the following link: <https://adviserinfo.sec.gov/firm/brochure/291148>.**

*Conversation Starter. Ask your financial professional –*

- ❖ *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money, and what conflicts of interest do you have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:*

- All investment advisers face conflicts of interest that are inherent in the business. Our primary source of compensation is through asset-based fees. Therefore, we are incentivized to acquire new clients and to increase assets under management.
- Other conflicts of interest result from business relationships we have established with unaffiliated third-party service providers, such as your account custodian.

*Conversation Starter. Ask your financial professional –*

- ❖ *How might your conflicts of interest affect me, and how will you address them?*

**Please refer to our Form ADV Part 2A for further information on our conflicts of interest and how we address them at the following link: <https://adviserinfo.sec.gov/firm/brochure/291148>.**

**How do your financial professionals make money?**

Our financial professionals receive a portion of the advisory fees paid to the firm. Additionally, financial professionals who have an ownership interest in our firm share in the profits generated by our firm. Therefore, our financial professionals have an incentive to encourage you to increase the assets in your account.

#### **Item 4 - Do you or your financial professionals have legal or disciplinary history?**

No.

**For a free, simple search tool to research us and our financial professionals please visit [Investor.gov/CRS](https://Investor.gov/CRS).**

*Conversation Starter. Ask your financial professional –*

- ❖ *As a financial professional, do you have any disciplinary history? For what type of conduct?*
